

Austria Hospital in India Society, Am Modenapark 4/7/23, 1030 Vienna, Austria

**Join us to save lives with only 10 Euros per month!**

**If 300 people donate 10 Euros monthly for 3 years,  
the Hospital can become fully operational and self-sufficient.**

Now we have almost made it – the hospital has been completed, most of the equipment has been installed and the first medical treatments have been performed already.

The next steps are: to recruit management, doctors and medical staff; to obtain the confidence of neighbouring communities and to become fully operational. The hospital should become self-sufficient in covering costs within three years.

Until then, our support is necessary – we need an average of EUR 3,000 per month.

Please, help!

If there are 300 people willing to regularly donate 10 EUR per month, the operation of the hospital will be assured. For us, 10 EUR is not so much. In India, with this amount a nurse can be paid for several days, and thus hundreds of patients helped.

If you decide to contribute, please return the coupon below and transfer to:
